TEAM TRAINING

You don't know what you don't know, until you do.

TWO FLAT-FEE OPTIONS

DISTILLED TRAINING:
Get the facts in a format that fits your busy schedule

TRAINING + WORKING SESSION:
Put your new skills to use right away and get real time feedback on your designs

COMMERCIAL MATERIALS & SYSTEMS

It's more than pushing a button

See a selection of common materials and systems to determine what works for your product.

APPLICATION SELECTION & PRODUCT DESIGN

Get creative, but design within the box

Identify the type of problem you're solving (performance or supply chain). Then learn the fundamental rules and get creative with your design.

BUILDING A CASE FOR PRODUCTION

Know your Audience

Learn the basics of building a business case and how to communicate the technical and business drivers effectively to engineers, executives, and customers.
