

TEAM TRAINING

KNOW YOUR OPTIONS

You don't know what you don't know, until you do.

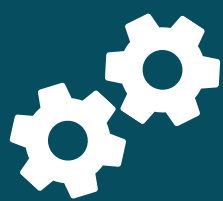

DRIVE ADOPTION

Know the audiences' priorities

Learn how to communicate with your engineering team, executives, and customers effectively to gain approvals and generate a natural pull for AM.

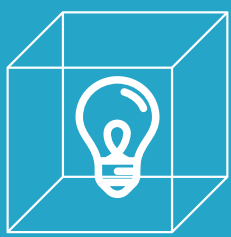

MANUFACTURING PROCESS

It's more than pushing a button

Each manufacturing process has specific design guidelines, post processing requirements, and geometric tolerances. Understand the complete workflow.

PRODUCT DESIGN & REQUIREMENTS

Know the box, before you push boundaries

AM brings value and opens doors. Realize the value inside the box before you invest to gain value outside.

BUSINESS CASE EVALUATION

Peel the onion

A business case evaluation looks at the entire product lifecycle. Look at the whole picture so you don't miss savings.
